

BECOME A FIREFIGHTER

Firefighters attend fire calls of all shapes and sizes. They ensure the safety of the public from the dangers fires and other hazards can create. They respond and assist EMTs as needed, such as extricating civilians from a car accident. Working as a firefighter can be a rewarding job and provides many opportunities for advancement and growth if you want to make it a career.

Madison Fire Department is offering three nationally recognized courses that will provide the training necessary to become certified:

Course #1: Red Card Certification

- This course will certify you to work as a wildland firefighter for BLM, Forest Service, or Private Agencies. Includes the courses S-130, S-190, and L-180.

Course #2: Hazmat Awareness and Operations Certification

- This course delivers the training necessary to provide defensive response actions for hazardous materials incidents.

Course #3: Structural Firefighter I Certification

- This course provides the certification necessary to become a professional structural firefighter.

Each class can be taken as a stand-alone course. All three courses are required to be eligible for employment as a municipal firefighter.

Course #1: Red Card Certification

Session #1: September 23 - October 9, 2021 (Thursdays 6-10pm)

Session #2: March 16 – April 2, 2022 (Wednesdays 6-10pm)

Course #2: Hazmat Operations Certification

Session #1: October 14 – November 20, 2021 (Thursdays 6-10pm)

Session #2: February 2 – March 12, 2022 (Wednesdays 6-10pm)

Course #3: Structural Firefighter Certification

Session #1: September 16 – December 11, 2021 (Thursdays 6-10pm)

Session #2: January 6 – April 2, 2022 (Thursdays 6-10pm)

Madison Fire Department • 26 North Center Street • Rexburg, ID 83440
www.fdmadison.org

REQUIREMENTS:

- Be at least 18 years of age by the completion of the course
- Cannot have any felonies on record
- Must have access to a computer, or tablet, and the internet

2021-2022

CLASS DESCRIPTION:

Three separate courses are available. Each may be taken separately; however, all three are required to work as a firefighter for municipal departments.

Classes are held at MFD Stations in Rexburg and Sugar City. Practical skills are performed with actual equipment and tools. Ride-alongs available for those completing the Structural Firefighter Certification.
