5. **RFP – Burton Property:** Chief Child explained the need to move forward on a training facility and mechanic shop on the property near the high school and suggested sending the project out for RFP. The idea is the project would be phased. The first phase would be a home for ESNA and our mechanic shop, phase two would be the station, and phase three would be the outside training ground including a training tower. The RFP is only to assist with knowing what funding will be needed for each of the phases so we can start looking for funding. Commissioner Donahoo motioned to approve the sending out of an RFP for the phased project concept on the Burton property, the motion was seconded by Commissioner Anderson, all aye.
